Helping You Build Your Business

APPLICATION FOR MEMBERSHIP

Associate Member Application

Ask any Member of the **Canadian Home Builders' Association** and they will tell you that being a Member provides them with a competitive edge over non Members and Membership helps them to build their business.

Our Association is the only Association representing the residential construction industry in this Country, in New Brunswick and in your Community. **Our commitment to our Members** is to strengthen their business by helping them connect with customers, including builders and renovators; our commitment to the public is to help them find a company that provides quality products and services and one that is qualified to undertake their next project - someone they can trust to do the job the right way; and our commitment to the industry is to promote the professionalism of our Members and to be their voice at all levels of government on issues that matter most to our Members.

In our industry up-to-date information on legislation changes, by-law changes, development fees and building code requirements are key factors in saving you time and money. With over 8,500 Members Canada-wide we have an entire network of professionals at the Local, Provincial and National Levels of our Association working on your behalf to keep you current with information that could affect your business.

Not only do we keep you informed, but we also go to bat for our Members on issues that stand in the way of them doing what they do best – helping to build, renovate and build communities. With a strong and active advocacy team at all three levels of government, we fight the battles that you don't have time to fight.

Our key focus is helping consumers find our Members. We do this by advertising you on our websites, in our magazines, directories, and newspaper advertising, in our radio ads - all designed to connect you with your future clients.

Our Local and Provincial Associations also host many activities and events that help you build your contact list. We give you an opportunity to meet with your peers, and with builders and renovators in the industry to discuss matters that you have in common and connect you with other Members to help you build a winning team.

Our **Monthly Dinner Meetings** held at the Local Level provide networking and pertinent information provided by carefully selected guest speakers with topics relevant to building your business. We often provide Associate Members with an opportunity at these meetings to give a presentation and demonstration of their products and services.

Our **Provincial Conference – Habitation** - provides leading edge presentations and workshops on issues designed to inform you on the latest trends and developments with building science, marketing and technical issues. It also provides a trade-show opportunity to provide Associate Members with an opportunity to display your products and services.

Our Provincial **Awards of Excellence Program** provides members with an opportunity annually to profile the quality homes they build and renovate. As an Award Winner they are promoted through our websites, magazine and in four of the largest newspapers in the Province.

Our Local Associations participates in many of the home shows held in our communities and works with organizers to enhance our Members' show presence. Our Moncton Local owns and hosts the largest and most successful home show in the province.

Our Committees help to identify challenges in **our communities** and work with municipalities and government to reduce red-tape and restrictions.

Recently our Provincial Association launched a Professional Designation Program – The CHBA-NB Master Builder Program that will provide qualifying applicants with a Professional Designation and their Companies with the Professional Certification of CHBA-NB MB (CHBA-New Brunswick Master Builder). Just another way in which we are on the leading edge of residential construction excellence.

We are eager to learn how we can build your business. Contact us today to discuss what Membership with the Canadian Home Builders' Association could mean to you.
